The **NATIONAL ASSOCIATION OF MEDICAID FRAUD CONTROL UNITS** was founded in 1978 to provide a forum for the mutual exchange of information and to facilitate communication among the state Medicaid Fraud Control Units. The Association fosters interstate cooperation on legal and law enforcement issues affecting the Units and conducts training programs and provides technical assistance to its members.

The Association represents the 50 Medicaid Fraud Control Units that investigate and prosecute Medicaid provider fraud and fraud in the administration of the Medicaid program. The Units are also responsible for protecting the most vulnerable of our population – those who by need and circumstance reside in nursing homes – from abuse and neglect.

This statistical report was compiled and produced by *Tracye Payne Wilson*, Association Administrator, National Association of Medicaid Fraud Control Units. The information presented herein comes from responses to a survey that was sent to the 50 Medicaid Fraud Control Units.
